

For Better Retirement Living

June 1, 2012

It is my pleasure to provide a reference for Les Voros - Financial Security Advisor.

Les came to Augustine House and voluntarily presented a variety of very useful and informative financial seminars for the residents, families and staff over a 3 month period.

The sessions were enlightening, educational and were presented in terms that were easy to understand.

Les approaches situations practically and ensures that each individual is provided with 1:1 information that is specific to their situation. He is very knowledgeable and easy to talk to and being an independent certified professional consultant on aging, he has a more comprehensive understanding of the needs of the people we serve.

It has been a pleasure having him here at Augustine House.

Sincerely,

A handwritten signature in blue ink, appearing to read "Tanya Snow".
